

Instantly efficient, instantly sustainable

LED is rapidly replacing fluorescent tubes as a more sustainable light source – but none faster than Philips MASTER LEDtube Value InstantFit. Designed by the market-leading experts in LED, MASTER LEDtube Value InstantFit integrates a LED light source into a traditional tube form that's quick, easy and safe to install.

No wires to replace, no hassle changing drivers; InstantFit is a plug and play solution that works with High Frequency electronic ballast and slots into existing fittings. With a wide range of tubes, you can now promise customers long lasting energy savings of up to 50% – in an instant.
